Relation to Maritime College

Faculty

In general, how has COVID-19 affected you as a member of the Maritime College community?

This is a moment unlike any other in my lifetime. I have told my students they are living through something historic.

What was it like to transition from learning or teaching in-person to online? Did you find it difficult to adjust? Why or why not?

Fortunately I had taught an online graduate course that ended in early March. But adjusting to Zoom has been a learning experience.

At what point did you begin to worry about how COVID-19 would impact your semester at Maritime? How has your timeline to graduate or complete projects at Maritime changed?

March 9 was when it all became real and I was aware that we were no longer going to have a normal Spring semester.

These responses were pulled from questions on a Google Form sent to students, faculty, and staff of Maritime College in May 2020. The purpose of the Google Form was to collect stories from the Maritime College community to be included in the "Documenting COVID-19 at Maritime College" archival collection.
