Relation to Maritime College

Student

In general, how has COVID-19 affected you as a member of the Maritime College community?

What was it like to transition from learning or teaching in-person to online? Did you find it difficult to adjust? Why or why not?

It was not that difficult to adjust while at college because I was able to concentrate much more than at home

At what point did you begin to worry about how COVID-19 would impact your semester at Maritime? How has your timeline to graduate or complete projects at Maritime changed?

I was a bit worried to make sure my INDOC would be completed but once it was completed I felt much better about the situation

These responses were pulled from questions on a Google Form sent to students, faculty, and staff of Maritime College in May 2020. The purpose of the Google Form was to collect stories from the Maritime College community to be included in the "Documenting COVID-19 at Maritime College" archival collection.
