*Relation to Maritime College*

Student

*In general, how has COVID-19 affected you as a member of the Maritime College community?*

As a MUG our Maritime experience has been hindered greatly because we were unable to do the activities and different events that normally someone would have their first year in the Regiment of Cadets. It was frustrating not being able to do the things you were prepared for and told you would have to do, as well as not being able to prove yourself as a class because our INDOC was so scattered.

*What was it like to transition from learning or teaching in-person to online? Did you find it difficult to adjust? Why or why not?*

It was a very difficult adjustment because you get too comfortable at home, you want to sleep through classes, you want to play videos games rather than do homework and you'd rather breeze through a class than fully take in any information.

*At what point did you begin to worry about how COVID-19 would impact your semester at Maritime? How has your timeline to graduate or complete projects at Maritime changed?*

\*These responses were pulled from questions on a Google Form sent to students, faculty, and staff of Maritime College in May 2020. The purpose of the Google Form was to collect stories from the Maritime College community to be included in the "Documenting COVID-19 at Maritime College" archival collection.\*
