*In general, how has COVID-19 affected you as a member of the Maritime College community?*

Due to it being my first year I was never able to experience normal college life. Therefore, it didn't effect me.

*What was it like to transition from learning or teaching in-person to online? Did you find it difficult to adjust? Why or why not?*

No, I had time to adjust while in high school.

*At what point did you begin to worry about how COVID-19 would impact your semester at Maritime? How has your timeline to graduate or complete projects at Maritime changed?*

I began to worry when the start date was pushed back. Luckily deadlines have yet to be an issue.

\*These responses were pulled from questions on a Google Form sent to students, faculty, and staff of Maritime College in May 2020. The purpose of the Google Form was to collect stories from the Maritime College community to be included in the "Documenting COVID-19 at Maritime College" archival collection.\*
