*In general, how has COVID-19 affected you as a member of the Maritime College community?*

I feel like I am missing out on the full experience but I am not completely disappointed. I got to meet a great group of guys through football.

*What was it like to transition from learning or teaching in-person to online? Did you find it difficult to adjust? Why or why not?*

It is sort of difficult to adjust because it is much easier to lose focus while learning online.

*At what point did you begin to worry about how COVID-19 would impact your semester at Maritime? How has your timeline to graduate or complete projects at Maritime changed?*

I really didn't worry about how it affected suny maritime because there was no avoiding it so why stress about it.

\*These responses were pulled from questions on a Google Form sent to students, faculty, and staff of Maritime College in May 2020. The purpose of the Google Form was to collect stories from the Maritime College community to be included in the "Documenting COVID-19 at Maritime College" archival collection.\*
