*Relation to Maritime College*

Student

*In general, how has COVID-19 affected you as a member of the Maritime College community?*

Covid 19 didn't affect me while at college because i was able to attend classes in person, also i was able to play football.

*What was it like to transition from learning or teaching in-person to online? Did you find it difficult to adjust? Why or why not?*

I didn't find the transition to be as difficult others thought, i felt i had more time to myself to get work done and i was also able to pay attention in these classes.

*At what point did you begin to worry about how COVID-19 would impact your semester at Maritime? How has your timeline to graduate or complete projects at Maritime changed?*

Once we entered campus i thought we would be sent home within the first few weeks of school, just like other schools did, but we actually ended up finishing out our semester because our school had followed strict covid guidelines. Since we followed these guidelines I had no worries about my major being affected.

\*These responses were pulled from questions on a Google Form sent to students, faculty, and staff of Maritime College in May 2020. The purpose of the Google Form was to collect stories from the Maritime College community to be included in the "Documenting COVID-19 at Maritime College" archival collection.\*
