Well it's finally over! It's the end of the show and time to pack the bags and move out!

First of all: Dad, I owe it all to you for helping me decide to attend here ... Mom, lots of love and thanks for all the encouragement.

The good part: Dan, what can I say, it's been great the past 3 years ... Toby & John, the key was the piss for good luck ... Tim Dog, it was great playing B-ball with ya, but I still think you're a D-bag ... Mad Money Murph, what can I say?: too many great times ... Marsh, only if the walls could speak, keep rolling over strong ... Sully, you should of lived in D, and got some tips from the D-2 stud ... To Barnds, Collins, Bob D, Hammer, Walsh, Agre, Thor, Darren, I'll miss you guys ... To the old buds, Wuss, Skell, Gaz, Brown, Nelson, Murphy, Corrigan: too much to be said ...

D-Comp: I couldn't count the number of demos that slid by, it was worth it..

Anybody I missed, Sorry — Don't take it to the heart..

Finally: O'hearns, you're still my original brothers.

I wouldn't change a thing if I had to do all over again ...

... See ya ...

Thank you Mom and Dad, without your support I never could have made it. To all the EE brethren, good luck and remember, no more PRE-LABS. Thank God, sleep at last! To my roommates, Monte and Jan, I don't know what to say, you've both been more than friends to me. Thank!! Ya Eddie, we've pulled each other through everything this place threw at us, bad teachers and CO, included. Joe, are we really going to work in this major? Probably not Chris (Grik), I'll eventually get up to Syracuse with ya. Oh yeah, I almost forgot, Monte, let's go jump off a cliff eh? Hopefully my car will start! I CAN GO HOME NOW!!! Axel, it's my turn to visit your house, Carnival here I come! Gobi, what can I say, Pizza next Saturday? Yo Manny, GET THE F@#\$% OUTTA HERE! Eric, I feel bad you lost your wheels (2 real ones), but remember White Castle runs at 300 AM? Nice eh? Keep kickin' Bly/Danko, OOOOOH YEAH!!! Lou Reyes, what can I say, sophomore wrestling, sorry we broke your chair Monte! Finally, to the BEST CHEST IN THE WEST, good luck Hans!

Stick a fork in me, I think I'm done!
 Hey . . . What can I say?
 We had a blast every day!
 Sat on that ship,
 Smoking beedies and watch flicks, (T. Murphy)
 wishing I went to school with real chicks.
 What the hell, I was a sport,
 Climbing up a rope into the sallyport. (T. Feher, J. Marsh)
 and bustn' into the fort. (A.D.)
 No girls are safe.
 That, I am sure,
 and those Irish chicks,
 definitely weren't pure! (T. Murphy, M. Ahearn)
 When all is said and done,
 We drank like fish and got lots of sun.
 and Murph . . . That eskimo chick weighed at least a ton!
 No, we did not pull the wool over their eyes,
 we drove a herd of sheep over their heads.

I would like to thank Mom, Dad, Stacey, the rest of my family, W.
 Nelson, Gary, T. Murphy, Scott B., T. Ayre, Meskill, J. Marsh, M.
 Murphy, T. Dimonda, and all the girls at F.I.T. and everybody else I
 missed . . . Stay in Touch.

I would like to start off by thanking God for giving me the strength to keep going throughout the last four years and my mom, dad, and family for their love and support.

If I never said it before thanks Jamie for the countless rides and being a true friend.

Thanks Entenza and Bull for not kicking me out your room every time I needed some place to hang out and talk about nothing, which seemed like every day.

Scott, you know I never would have gotten past license without your help throughout the year. I could not have asked for a better roommate this last year. fhh!

Much love to Onassis, T-Money, Lou Reyes, Lou Marino, Dave and The Clan for getting me through the last two cruises.

Peace to the Cultural club and Spanish club, stay real!!

Thanks Eric for putting up with the extra roommate those two years we lived together, you were real cool about it. Good luck and say what's up to the Fat Man for me.

Thanks Mrs. Jones and Mrs. API for all the good things you have done for me.

Without Robert Millington I would not have gotten out of here in one piece. Thanks for all the academic and personal help over the last two years.

It has been a fast four years. Not even as a senior in high school did I have a clue that I would be going here, but I am glad I did. I would like to thank my parents for their support, for without them I could not be here right now. I know I have made many friends while I was here. Although many of us are not that close, I will always remember you guys and the crazy things we did. I wish all of you guys the best of luck in the coming years and I hope we stay in touch. Believe it or not, I think I just might miss this place.

THE GAME IS OVER !!!!

We're finally out of here! Not many things stranger than me graduating have happened. But I'm glad it's all over with.

THANKS:

To my parents for all your support;
To Tommy, Little Brian, Bugs, Derek, Kelly, and everyone else on the sailing team;
To Tom for putting up with the East River Stench, and everything else roommates are never good for;
To Musky, "I don't know?!"
To BIG BEN, buy a belt with the money you've made through Ed's education;
To everyone who has turned months of restriction into days, hours of ED into minutes, and demerits into thin air. (Who ever said magic never happens at Maritime? It does if you know how to scam!);
To everyone who has signed me in over the years; and
To anyone else feeling left out.

Everyone has always said Maritime is a horrible, appalling, atrocious, awful, dire, and dreadful place to go, but an advantageous place to be from. Let's hope so as we all fight for the one remaining job left in the Maritime Industry.

Mom & Dad — Without all of your love and caring (& financial support!), I wouldn't be where I am today. Thank you for all that you have always done for me. ILY

Rob — Your help, guidance & beatings really formed the person I am. Although I didn't appreciate the getting beat up at the time, only now can I look back and think "Well maybe I did deserve a couple of them!" ILY. Diane — I couldn't leave my only sister out of this! You talked about me & Maritime only slightly less than Dad. Thank you for always being there. Gogs — You are a freak: Chaps in the quad?!? Happy Halloween, do you remember any of them? I do make great jello shots. Thank you for all of your help through Maritime, and your endless advice. Laura — Karaoke in my room, milk for chex dance, & your poor Saab. Nicole — Who would have ever thought we would end up as friends! Stop, Chaps, & Run! Dracula for some Baklava. Tom — You look fabulous in makeup! You started that fight in Casey's, not me! Abbott — Thanks for always taking care of me, now take care of you (sorry about Phil's toilet)!!! Hans — I don't think you'll ever be allowed back in Danny Boys (ie. their pitcher/your shoes)! Ben, Ed, & Tom — Thanks for Wed night pitchers. Susan — You still got my back? John — Hey guinea, don't be so sensitive, I am only joking (usually)! Tara — I truly appreciate your friendship, and the fun we've had (but we have to work on that dance of yours)! Tanya — I couldn't have survived mug year without you, I wish you the best always. To other friends not mentioned above, thanks for the good times, and I will miss you all! To the class of '95 ... "Fair winds & following seas"

Well after four years and a victory lap I finally made it through this place. I needed the help of some very special people who deserve a word of thanks. First off MOM and DAD, thanks for all the love and support, sorry for all the heartburn. All my brothers and sisters, thanks for the example you set. Ben, the best friend a guy could have, Jason, do they play Van Morrison at the Limelight? Hans, it might not be true but it sounds good; Pauly, zero demerits for zero formations whatta pal. Dan F. do you like my shirt. Musky, bad things happen to good people. Tyler, may you someday find the truth in something. Patricia, you were the light at the end of the tunnel. To everyone else I might have missed, it's been real. I'll see you all on the flip side.

Well class of 1995 it is finally over, four years older, four years wiser.

I find it very difficult to sum up Maritime College in only 200 words; so instead of writing about the college, I would like to thank a few people who made my college career "interesting".

*First I would like to thank all my former roommates: Boje, Giacomelli, Michle, Klaoudatos, and Strahley. Especially **Strahley** who used the window as a second dorm room entrance.*

Second, all of the RDO's, Captain and Admirals.

Third, all my friends who made me work harder than anybody ever had, to get a Mechanical Engineering Degree... You know who you are Monté and Bly...

Fourth, McGuire, Danko and Hess, couldn't help putting you in your own category.

Fifth, all the members of classes 1992-1998 who made my college life memorable.

Last but certainly not least, my entire family, for pushing me to the limit and encouraging me to continue to be the best that I can be, now and in the future. Thank you Mom, Dad, Steve and Sarah. I can't forget Wong le, Peaches, Lance and Oscar who listened and did not repeat a word.

Thank You and GOOD-BYE MARITIME COLLEGE!!

Looking back on these past four years, I can't believe that it is all over. MOM & DAD: You never stopped believing that I could do it. I know I was constantly frustrated with your perseverance, but now I thank you because I wouldn't have made it without you.

C-3 Boys: The friendship that we have made during these past four years will last a lifetime. Lets keep it strong.

Scotty: It still blows my mind how you could spend so much money on a rag and a spring.

Chris: I really can't believe that we lasted for three years. I thought I would ring your neck after one year, and here we are. Good Luck in the Marines or whatever you do. Remember for a quick laugh, THINK: "Steak-ummmms"

Kevin: Our struggle with license was horrible, but we did it!!!! Good Luck!!!

Jaime: CREW GEEK!!!! You are a great friend, thanks for the ski-weekends at Camp Cleveland.

Angela: Remember Co-Eds and me as your fiancée.

Prof. Lehr: FIND A NEW JOB!!!!

Kim: Words cannot express how much of a friend you are to me.

To those I did not mention, I will miss you all!!!!

Well by the time I read this it'll all be over and hopefully I'll be making lots of money and spending it frivolously. It's been tough but I wouldn't trade it for anything. Thanks to Mom, Dad, and Scott for all your support, I couldn't have done it without you. To the rest of you:

Kevin: The dark knight, and remember blazing saddles in Texas.

Bull: Keep your tires on.

Scott: Scotty, wake up Scotty!

Chris: Founding member of the extreme ski team and the Amstel cliff diving team, remember open the beer after you jump.

George: Has it been two years already Huckleberry? Lose some weight fatso, and be mellow. Thanks for everything and three cheers for the drunken chef!

Jonathan: I couldn't have asked for a better friend. Remember, gold in '91, riding the tricycle, waiting in the car, 21st birthdays, woodchuck, and of course Oh boy!

Rick: Thanks for everything. Plug in and relax for a while, you've earned the break.

Pete: Where to begin? I'll never forget all the advice and the things we've done together, four hours of mud, camping, horseback riding, and rappelling. Keep reaching for the stars jet jock.

Margo — You left me early and made me go through a semester of withdrawal. Thank you for being such a good friend. (Even though we get on each other's nerves when we spend too much time together.) Alcohol is good ... alcohol is baaad!

Ben — Always remember this key phrase, "Cogs, you're right" whenever you are about to spout.

Tom & Ed — I decided to mention you both together because, as you know, I never accepted the divorce. You both have been good friends and it upsets me that you won't be "Grumpy Old Men" together.

Casey's Bunch — "We're only going out for one pitcher" and "I'll study rules at the bar", Yeah, that really happened. Get the glasses in the pitcher.

Hans — After two years of living together, my voice needs a rest from all of the screaming we did. I think it was therapeutic and we got along pretty well. Just always remember to keep the puke out of the pitcher.

Susan — I will never be able to watch Roseanne and Ellen without thinking of our Wednesday nights on the couch stuffing our faces. ("Mary had a little lamb ...")

Laura — You have to always let me know where you are so I can fulfill my promise to all Laura's and until you need me, I'll just be waiting for you to earn your 13 million.

John — What are you going to do without seeing me in your room all the time?

Vanessa — Before second class cruise I didn't know you existed and it seems like you became a permanent fixture in my life in one day. I miss having our long talks about sex.

Ann — The real tanker chic.

Nicole — "You're emitting heat" and "Do nice". How many times did we say that? Okay I love you bye bye.

I would first like to thank my mom for without her I would have never made it through this school. Thank you for always being there for me and my friends, I love you and I'll never forget what you did for me. To my little bro Kev, you are like a big brother to me, thanks for always being there when the first punch was thrown. Gary + Marf, you each get a piece of my star.

Marsh, for understanding my point of view on girls.

JOJO Menta, Thanks for letting me break out all those times freshman year.

Kelly and Gazzo, always being down to party. Renee, for always listening to my girl problems.

Sully for always cleaning the room.

Timmy too bad about your nose, there goes your modeling career.

Marsh, "How was your trip to the fish store?"

"Gazzo I didn't take your deodorant"

For all those people who make fun of the way I talk, "Go screw yourselves."

To Val and Marissa, "I love you two, I think about you every day, watch over us."

To the boys in "D" co. You guys are a great bunch of friends. Public Safety, one word loooooosers!!! Get a real job.

Welcome to Maritime. It was a long hard journey, but I guess someone was looking out for me. Thank God I had my social life to get me through the really rough times. It's time to start winning! Winning? I came, I saw, I kicked some tail.

Through the thick and the thin my parents were always there to pick me up, dust me off, and send me back into the ring. I couldn't have done it without you guys and love you. Michelle, Dawn, Mandy and Juli enjoy the rest of school.

To all my BEE pals "why did we do it?" Professor Lohr, you're the best (how ya doing), Joe, disser, let's get out of there and party, here's to the rum and coke dance. Thanks for understanding. Silver? Are you still here. You stupid American Pig. Weave, you're safe, good thing I am rock solid, 'strew 'em". Donna, Thanks for stopping by. George, you girly man, swallow my wake. Doug, we roomed together for three long years, we traveled the world, I'm glad I met you. Thanks for putting up with my disco music and all the late night parties (ha).

THAT'S ALL, OOOOOOOOOOHH YEAH!

No more teachers, no more schools, no more Maritime Regimental fools. To all you regheads who ate up the regimental junk, I wish you the best of luck in the 'real' world. Take it from a guy who has held a position in every aspect of our regiment, the power trip was never necessary. But nice attempt anyway!!

Mom & Dad: What can I say to the two people who have given me everything. With every accomplishment in my life you two should be proud of yourselves. If it wasn't for your undying support I wouldn't be the first in our family to graduate college! Thanks for everything.

Bonnie & Jim: I want you both to know that April 30th, 1994 will be a day that will live in my memory forever. I hope that when my big day comes it will be just as special as yours.

Karen: You and I have grown very close throughout the years, and we've experienced major up's and down's in each other's lives along the way. But the time has come now where the world is ours for the taking. Let's go get it babe!

Well I'm finally going to graduate in January. It will have taken four and a half years of hell but I made it. I am grateful to my parents most of all for paying my way. I couldn't have done it without your support. To all the friends I made in this place, I hope to see you in the future. To my roommates, thanks for putting up with me (that includes my fifth roommate). Erik, I know we'll keep in touch after college. John, we made it through high school and college together. We had a great junior year together. I know I'll be seeing you around. Ryan, we sure do have memories of this place. You had more scars than there are stars in the sky. Most of them got us both into trouble, but it was fun. Heather, you were only with me for the last year I was here. That made it the happiest year of my life. We will never be apart. Well, this is the end of my Maritime career. Now the rest of my life is ahead and I know this place prepared me for whatever is out there.

Keith and Mrs. Amato, if it weren't for you I would still be in St. Thomas! I'll never forgive you, but I can't thank you both enough.

All the friends I made; Luke, Bill, Dan, Rob, Craig, Jay, Tony, Doug, Kevin, Kamal, Gary, John, Toby, Charlie, Jumpin-Joe, and I could go on. — I'll miss you all, keep in touch. And you're the best friend everybody needs. Thanks for always being there. Drew, we always had a blast with Jack or Jim and I have to thank you for all the great times we had. I'm still wondering how we focus so well on the dartboard when we're swaying/standing still. Don't know what the past few years would have been without either of you.

Mom and Dad, thank you for your never-ending support throughout the years. I must be the luckiest man alive to have two great friends like you. Maybe someday I can be to you what you've been to me for so many wonderful years. Thanks for the guidance without the leash, the advice without the judgment, and all the priceless memories. There are a couple of people I would like to thank:

My family — Mom, Dad, Andrew: without your love and support I would have never gotten through school.

Kevin — my roommate and friend, you have always been The Man in our four years here. Thank you for everything.

Chris — to an Extreme ski team member, you are a great friend, thanks for always being there.

Eric B. — it's been fun hasn't it, I'll see you on the golf course or on the ski slope.

Jamie — to a member of the Amstel swim team, you have always been a great friend, keep in touch.

Louis — you are a good man, don't let anyone tell you differently. Go Rogue Squadron!

Ben G. — Thanks for being there on JST 24. Should I have yelled at Bull?

Amy, John, Lambros, Eric, Ben — the best navigators a chief could have.

To anyone I forgot to mention — Thanks!

I'd like to thank God for watching over me. My Mom & Dad for being there when I needed them. Good Luck to my fellow EEE brethren, hope the money rolls in. Most of all I'd like to thank our most professional and understanding professor (NOT!!) — LEHR — for not putting me on the year plan. I think that the one thing I can proudly carry away from here is that the only way life can get worse is if I had to come back here and start all over. There is definitely no place on earth you get to pay to become a fool like you do here. On a good note the friends I've made here are of the most interesting and trustworthy people I know. Special thanks go out to my roommate Joey L. for putting up with my crap day in and day out and to my lab partner Matty B. for all those late nights with tender loving Letm'labs (even the worthless ones). To Axel — Save a case for me at around Carnival time; I'll get down there one of these days. To Sir William — NO MORE GAMES and don't tell Jeff the password — To everybody else — Keep smiling and if you have to choose to help out a Domer or someone else, F#%k the other person — And if you didn't graduate yet, don't worry Wanda will get sick of seeing you here eventually.

Best of luck to all,
Edward

I like to thank the Academy, the directors, producers, and all the behind the scenes people that had faith in this project from the very beginning. I would especially like to thank my Mom and Dad for their continued moral and financial support these four years. I took a lot away from this experience and I will never forget some of the things I have learned.

- C-3 will always be where I belong. The friendships made freshman year are strong and I know we will see each other all through our lives.
- Chris H. Pils ups on C-3 to executing battalion authority in order to have a great party. Thanks for the friendship.

Graduating from Maritime College has been one long, uphill struggle to stay on top. I would not have made it without the help of some very special people:
To Grandma Gasko: A truly unique woman who brings meaning to the words dignity and grace. You are always in my thoughts.
To Grandpa Gasko: A true gentleman who showed me the path to greatness. I miss you.

To my Father: Thank you for always being there.
To my Mother: A woman who has truly found her bliss. I would not have made it this far without you.

To Grandma DeMyer: A grandmother who brings light to the world.

To Grandpa DeMyer: A man fit to be King.

To Blay: Thank you for all you have done.

TO A REGIMENT OF HYPOCRITES: Thank you for showing me what not to be!

See ya around Dennis (Killa), Jim (Ratboy), and the rest of the toilet engineers. Thanks go out to Mom, Dad, Grandma and especially Paulette. I couldn't have made it through here without you.

Go placidly amid the noise & haste, and remember what peace there may be in silence. As far as possible without surrender be on good terms with all persons. Speak your truth quietly & clearly; and listen to others, even the dull & ignorant; they too have their story.

Avoid loud & aggressive persons, they are vexations of the spirit. If you compare yourself with others, you may become vain & bitter; for always there will be greater & lesser persons than yourself. Enjoy your achievements, as well as your plans. Keep interested in your own career, however humble, it is a real possession in the changing fortunes of time. Exercise caution in your business affairs, for the world is full of trickery. But let this not blind you to what virtue there is; many persons strive for high ideals; and everywhere life is full of heroism.

Be yourself. Especially, do not feign affection. Neither be cynical about love, for in the face of all aridity & disenchantment it is perennial as the grass.

Take kindly the counsel of the years, gracefully surrendering the things of youth. Nurture strength of spirit to shield you in sudden misfortune. But do not distress yourself with imaginings. Many fears are born of fatigue & loneliness. Beyond a wholesome discipline be gentle with yourself.

You are a child of the universe, no less than the trees & the stars; you have a right to be here. And whether or not it is clear to you, no doubt the universe is unfolding as it should.

Therefore be at peace with God, whatever you conceive him to be, and whatever your labors & aspirations, in the noisy confusion of life keep peace with your soul. With all its sham, drudgery & broken dreams, it is still a beautiful world. Be careful. Strive to be happy.

Walt Whitman once wrote: "The powerful play goes on and you may contribute a verse. What will your verse be?"

We have each contributed a verse to the play we call Maritime. Our four years (or so) here at Canoe U. have been filled with good times and bad. We have made a difference in each other's lives in various ways.

Jonsey, we've stood by each other through all the triumphs and hardships of our troubled lives. I've never had and probably won't have a better friend than you. Thanks for everything — and always remember — "It's all secondary!" Good luck. You can do whatever you set your mind to!

To everyone on the Rescue Squad, it's been great volunteering with you. Don't let what others think dissuade you from helping those in need.

Well, good luck Class of '95. It's been a helluva show, but I think I hear the bells tolling. The watch is finally over.

Well here we are at the end of this long and treacherous road called Maritime college. I thought about writing of the bad times at the Maritime, but there is not enough paper in the world to do that. I'll write about the good times (as much as I can because there were many of those too). Rooming with Paul, Big Dave and Lucho. Three great guys and good Roommates. Strong emphasis on the word Mates, because their great friends that I know I'll have for the rest of my life. Although everyone in the class of 1995 are my friends, I have particular fond memories of Luca, che è stato l'unico vero e proprio "Paesano". Tanti auguri, e ricordati che chi non muore si rivede. Chiamami quando hai voglia di ritornare a casa di mia zia per cena a Frozinone. Bill, Jeff, George, and Dennis, my roommates on cruise. Without you guys fixing up things a bit in the room (basically by destroying it every other night) first class cruise would have been a living hell. "The Boss Man", for making work on the stern always a pleasure. (That last night in Ireland was the best). To Jerry Myra, one of the best friends I've ever had. Jazz and Sammy, Jeremy, Band Co., the Rugby Team, Student Government, all the Coaches in the Athletic Department, Cdr. Tom Jefferies, Yesko, Kenay, to all the B-3 Boys that made it, good luck, Mr. Nesto and his staff, the Marine Transportation Department, Jason and his yearbook staff, how could I ever forget Ed (A.K.A. Nipper), the shark we caught, Ed's brother Scot for inviting us to those great parties on the Intrepid. I have to thank my Mother and Father, without all their love and support any of this could not have happened. Of course the support of my girlfriend Ilana was more than I could ever hope for. Good Luck to all and don't ever forget that if you are in Brooklyn look me up and you'll always have a place to stay.

I would like to thank those who helped me tremendously throughout these four long years, even though I can't possibly hope to cover everyone. I must thank my mother, Elizabeth Gibbs, for always smiling, and for being there the past four years. I would like to personally thank Heather and Lisa for putting up with me. I thank my nephews for being such fun. Thank you, Trenton for all that you have done for us. Thanks, Mr. Pina. I love you all.

There were times when I was sure I had made a mistake, but it hasn't been a mistake; the years went by quickly and I finished what I started long ago.

Four years ago I thought it would never happen, today I say already! With this ending comes a new beginning. I'm looking forward to the real world but shall miss the very enjoyable people and times I've had here. As for the regimental left handed monkey wrenches, God bless you when the real world gets hold of you (TOOL CLEVELAND!)

To the guys that made this place enjoyable: Dave the Upstate Aborigine, Ben the Big Swede, Sammy, Kevin, Jeremy the Big Tpehead, Uglyhead, Falk the Nazi government's representative, Hurricane Green, Jim, Nipman, Tommy Boy and Richie the king Calzone, keep up the adventures. Also the people who made this place boring (FITCH!) Remember the Italian homebrews will flow forever. Also remember the nights at NYU, Lucky Pierre's, bothering Tipper O'Useless, getting TERMINATED, the bus ride from hell, the drunken night fights in the 2nd class hold, Paulies cum palace, McSorley's, the nights out in ports on cruise, the hostage situation in the abandoned building in Greece. In addition to all the stories that kept us up till all hours of the night laughing about them.

I want to also give special mention to my parents and Carrie who were always there for me. Kelly, you've made the past two years very special. Now promise me many more!

Four years ago, I decided to come to Maritime because I liked boats and stuff. Now I wish someone would have shot me right there. No, just kidding, Mom.

As I look back, I remember a lot of fun times with a lot of good people. To Mike and Soup, I had fun helping you harass baby onionhead, but it was the least we could do for letting him eat all of our donuts. Hans, Thanks for all of that juicy gossip. Cogs, thanks for going out of your way to help me out even though you did spew. (HA, HA) Margo, thanks for your help, especially when I was stressing out over school. Richie and Paul, Thanks for all those good times — wings and Mexican. Tom, We had a lot of fun times and thanks for looking out for me. Ed (Disco — Nip) — You've always been the man in our time together. But seriously, you were always willing to go to any extent to help me and thanks for being roommates with me, it was the best thing about my time at school, even though you were away on your trips a lot. Primero, gracias a Dios por ayudarme a alcanzar una de mis principales metas, a mis Padres por tan grande oportunidad, y a mis Hermanos por todo su apoyo.

My days in Maritime are OVER! and I say this proudly. Maritime was an experience that changed my life. It made me independent, tougher, and helped me choose my real friends. To all of those who tried to make it harder throughout these four years, I have two words to say, I WIN!!! I did almost everything I wanted and got everything I wished without much trouble.

To ANA: Thank you for all the good times we expended together, you have been a special part of my life and a great help, and I hope that whatever the future has for us is good.

To all the PANAS: The party time in Maritime for me is over but for the ones who stay Just Keep It Up!; and as my brother once said, "Care about your friends and Screw everybody else."

To my EE brothers: we stayed together for a long time so let's keep in touch.

To all my friends: I wish you the best.

To the Rest: See Ya!!!!

There are a limited number of things I've gained while being at Maritime. One is a wife who has agreed to be my lifelong companion and also a handful of good friends I will probably have for life. I have also finally graduated from a school with a BS, a license, and my commission in the US Coast Guard. These are all things I value but none above CarrieAnn. Only my true friends know me although many people here think they do. A lot has been said but in the end none of it matters because I am above this glorified high school bullshit. I know what I've done, where I am going, and I am not alone. I have learned a lot about myself and others over the last three years. For anyone who has ever doubted me — F*#@ you because I have a future and integrity. Rules were made to be broken, but honor was not! On a lighter note — Icky Icky Icky Pooh!!! I can't forget the 450 & 18 mos. restriction I could have gotten on 11/01/94 which was the beginning of everything serious in my life. I LOVE YOU CARRIEANN!!! Forever and Ever and Always!!!

First, to my roommates: Nicole, never forget the BBC! And Nancy, I still owe you that trip to VS!

Next, to my friends: Donna, Cara, I'll miss you. And I will miss Louis, and Jason, when all is said and done. And Giaco, you'll always be the paragon of friendship to me, come hell or high water, as we well know. Vern, I can't say how much I thank you; for watching out for me, for tutoring me in "literature" (light reading), and for making me laugh when I needed cheering up. And John (Mystic), you overflow with life; thanks for spilling some on me. You truly have opened my eyes.

To all those who thought I couldn't do it: HA!

To all those who knew I could do it even when I didn't: Rob, Richard, you have touched my life and given me direction. And Stella, I would have been defeated long ago if not for you.

And finally, to my family: Pop-Pop, May, and Isabel, your love and support have carried me throughout these years; I can't express how much you mean to me. And Mom, over the past four years, you have always gone above and beyond the call of motherhood, and I never could have come this far without you. Saying "I love you" now would be an understatement.

To the ladies of the agency (Courtney, Christine, Rebecca), hope to see you on the cover of Cosmo soon. To my best friend Corey, thanks for saving me whenever I was not 100%, and when the women didn't treat me well. I couldn't end my career here without thanking all the important people who helped to make the memories. First to my MUG section, section Six. I truly enjoyed getting sick in front of you all in front of the S&E. To the boys of A-3, nothing like darts, beer, and The Beach Inn. To the House. It doesn't say in the Rules and Regs. that I have to work. To all my friends who helped make my 20th Birthday memorable, I think J.G. Thanks for all the advice. J.K., C.E., J.D., thanks for being friends. To my newest of friends. We start at 9pm. Hey Mark I just nodded, look for the regulars, Cara, Donna, Craig, and the others. Hey where's my big wheel? Thank You to all the important people in my life.

To the most important ones who helped and supported me for the past four years and my entire life. Thank You Mom, Dad, Tracy and family, Rhonda and family, Todd and family, and Grandma and Grandpa, I love you all.

Four years at Maritime and what an experience!! What was I thinking when I decided to go to a prominently all male military school in the Bronx? I guess I wasn't. Looking back and knowing it's over it's been well worth the time and effort. Luca a good roommate, — "What did he say drop me like a hot rock?" Lambros (the skin, parking meter jumper expert), George (pork sword extraordinaire) — Don't open that curtain I think Petrov is taking a shower, Jeff (the handsome guy, old man Steyich), Pet (Mr. Violation) a bunch of great friends. The D-3 boys Cadet Alki, mooch, little Buker, Wobble it's been a great year. Party Pete, Cheese, Orange Keck, Kaboom — Que pasa?, Butterball (Crash), Absolute Singh, Jizz, Gascan — DNA?, Disco Dan, Rakey, Sarge — I don't do domestic chores, Bert — the bow, Gopi — What about those telephone poles?, Vern, Little D, Psycho Jim — Protectors of Alvin, C, Weave (15-0) and the many other friends. To the class of 91 best of luck!!!

I would like to thank my parents for putting me through college. Along with putting up with my grades (2's and 3's). To all my dick head friends, you know who you are, we made the best of what we had at this dump. To Deirdre, I'm glad we met and whatever happens in the future, I won't forget you! P.S. I hope when I read this in the yearbook, I will have graduated, have a nice job, and be making lots of money.

The path of the righteous man is beset on all sides by the inequities of the selfish and the tyranny of the evil men Blessed is he who in the name of charity and good will shepherd the weak through the valley of darkness For he is truly his brother's keeper and the finder of lost children
And I will strike down upon thee with great vengeance and furious anger those who attempt to poison and destroy my brothers and you will know my name is the Lord when I lay my vengeance upon thee

I would never have thought nine years ago that I would still be in college but, at this point tuition is less expensive than school loans. Over my years here I have really grown to hate almost every aspect of this fine old institution. Perhaps the only thing that kept me here has been the food and maybe the friends. I will however always have the memories of great times and great people. A most special thanks and heartfelt gratitude goes to my roommate Ben. He has helped me so much and has shown me that there are still good honest people in the world. Ben you are the greatest and thanks. I wish that I could say something special about all of my good friends with the exception Dave R, and Fuch. To Baldo, Toe head, Lucho, Adena, Ginnane, Sarge, Hans (Stinky — Babycorn), Cogs, Slade, Marchechi, Laura, Souptman, Onionhead, Dan Green, Zany Eyes-Moz, Margo, and the rest of you slobos thanks and I wish you the best. This may be the end of school but it is the beginning of a time when I will never want any contact with you people again. LT. Saburn thanks for nothing you SOB — you extended my misery for a lousy 1.3 points curse you to damnation!

"Get on your face!" It seems so long ago when it all began. Then, we were all being harassed. But soon enough, we were doing all the harassing. But now it's over! Looking back, Monty wasn't that bad. If you had friends like mine, that is. To Kevin, we're off to racing school (God knows I need it after that Miata). To Hank, no girl is ever going to beat your body! To Goby, my people will call your people and we'll do the #5% business! To Nate, relax! To Doug, thanks for your trust man and keeping it out of the car man, unlike Kevin (And have that dimple removed!). To my ex-mugs, make me proud and don't get caught! To Div. II, thanks for an excellent cruise! To Matt, thanks for being there and listening (hope I was as good a friend as you were to me). To my Mom and Dad, Madeline and Oliver, thanks for your love and patience. Without it I could never have made it! To my best and most patient friend, Jen, don't worry, I will ask you soon enough! As a freshman this day never seemed possible. Now, after five years, three cruises and 21 credits of Matheson, I am ready to leave. What a strange love-hate relationship we have here at Maritime. If it wasn't for my friends I don't think I would have made it.

Chip: The only guy I know to experience PMS. I promise I'll never tell you "you're cut off" again.

Maya: I'm the Anita Hill of your life.

Nicole: Thanks for being there, I would have never made it without you.

Steve and Kevin: Can I buy you lunch? Chez mesaduck. It wouldn't have been the same without you. To my family:

Mom — If it wasn't for all of your encouragement, I wouldn't be where I am today. I love you.

Josh — I know things have been tough. I want you to know that I love you.

Dad — Thank you for coming back into my life. I love you.

Onassis — Who would have ever dreamed this?, definitely not you or I. I LOVE YOU WITH ALL MY HEART. Let's write the next chapter. Mi Amor te Quiero!

I would like to start by thanking my family for different reasons: dad thanks for all your support, Raquel thanks for being my personal travel agent, Pepo thanks for being my personal psychiatrist & hotel mgr., Pacho I don't know if I should thank you or not but what the heck you got me into this mess hopefully you'll get me out of it (how about a job?). I will also like to thank those who made life easier at the Dome: Chachi, Nip, Hablo, Jaz, Pat, Lala, Pupas & the Panamanian Connection.

And Remember: Why Worry?

There are only two things to worry about;

Either you are well or you are sick.

If you're well, then there is nothing to worry about;

But if you're sick, there are two things to worry about:

Either you'll get well or you will die.

If you get well, there is nothing to worry about.

If you die, there are only two things to worry about;

Either you will go to Heaven or Hell.

If you go to Heaven, there is nothing to worry about.

But if you go to Hell, you'll be so damn busy shaking hands with friends, you won't have time to worry.

See you there.

MOM: I COULD NOT HAVE ASKED FOR A BETTER MOTHER. YOU HAVE ALWAYS BEEN THERE WHEN I NEEDED YOU. THANK YOU.

My only feel, my only connection seemed to get lost

I walked through halls of Ancient Indian Artifacts

Hard brown chest Hoops and Knives

Tribal Crucifixes and tear stained eyes

The scribble mascara teased to be words bang-bang she feel

Not even done. Sometimes I cry when the phone rings

It's a spinning world and form memories forever frozen

Poised on the high bluffs overlooking the rocky, deadly shore below

I turn remembering how he wore his mascara. It was scribbled lines

So that only a mad eye could see, so, so, so scribbled

Only a mad eye the maddest of eye or the simplest the clearest

Any eye anyone can see it was love

Scribbled mascara and all

I thank my God for his abundant mercies and faithfulness to me throughout my four years at Maritime.

When I first came to Maritime I intended to go wild being away from my parents and fulfill all the desires of my flesh, but God said "NO!" I thank God that at the end of my first semester here I found that I had a tumor. God knew that I could not see that I was completely helpless, and in need of a savior. My soul longed for that ecstasy of love that only Jesus Christ can give. I was a fool and ran around after girls and money that did not and cannot satisfy that hunger that is within mankind. God not only saved my soul, but my life as well.

My heart's cry is for God to my SAVE the students of Maritime. Many nights I have cried on my bed to the Lord for Maritime. I tell them that God demands them to give themselves wholly over to Him in every way. Some dislike me but the love of God overwhelms me and I cannot be quiet about Him.

To Paul G "Village" for being a good buddy for four years, stay away from those "Webbie Chicks". To Kevin S, as all around good guy, Duunnuude, the crx, Extreme seagrape, Cd's. Four years at Maritime, it's over! Let it run! Rowing is Life, and for the most part Maritime Crew was for me. It is what kept me going, the hard work, competition, blowing off steam, and just having a blast. Thanks Rick! Although life at Maritime was not always fun and exciting, I think we made the best of it. Looking back we did a lot of crazy stuff, all of which was awesome. Luca and Bill you guys corrupted me and were a total "Bad Influence." Thanks, and Bill I hope you find a hobby soon! Jaime, two years a good roommate?! Yeah, we had some good times, and had a blast water skiing. Cara, what can I say, "Cage??" You definitely kept me going this last year, SMILE! The first think I would like to say is PRAISE GOD for being the focus point of my life at Maritime. To JESUS CHRIST my SAVIOR I give all the GLORY and HONOR and PRAISE.

My four years at Maritime were very interesting and different from what I expected from a normal college. When I came here, I was unaware of the type of life that was expected here. The uniform, the regiment, and the MUG year were very intriguing and annoying at the same time. However, I feel that it did worthwhile staying at Maritime. We had the chance of seeing many countries that I always wanted to visit. We receive great discipline here which will benefit us in the workplace when require to work under pressure, follow order, and lead others. There are many more qualities that we receive from here, but the most important to me is teamwork the ability to work with other people.

Finally I thank my parents Jean B. and Cerette St. Pierre; my brother and sisters Shelo, Blondyne, and Ephese St. Pierre; and my friends Willifred, Lester, Bob, Kindall, Don, Derek, and Reginal, for their support through the years at Maritime.

Here is the most awaited blurb in Maritime's history.

Let's start at the beginning and say they were right . . .

The people who said, "Don't do it!!", when I came for a tour.

But, I did, left, and came back to do it again.

I learned this — F@ #k the Regiment!!! Live by that.

And, stay low key, if possible.

Now thanks to:

Mom and Dad — For inspiration and help to succeed.

Class of '88 — Steve Silva & Jon Strahl, my first roommates. They did it right the first time.

My teachers at SUNY Farmingdale — For teaching me all the business sense I ever got.

Jen Bott — Inspiration to go back, You're GREAT!!

E.J. — Be serious, kid. Have some fun.

Gobi — Another good roommate!

My boyz — Jes, Cool, Brendan, Joey Bag-O-Donuts, Rat Boy, Pretty Boy Vanek, Paffy N., Psycho Layin, Hammer, and the rest of the House gang — sorry if I missed your name.

And the Big Finger to:

Most of the Class of '95 — The biggest bunch of tools I've ever known.

Captain J. DeS. — Whatever.

M.B. Hughes — I hope you're miserable forever.

Finally, on a good note, to all who know the truth:

PARTY HARD, WHENEVER POSSIBLE. LOOK FOR THE BEST PRE YOU CAN GET. DON'T SETTLE. AND THINK AND STAY YOUNG ALWAYS!!!!!!!

It's been four long years since I was indoctrinated
 Most of that time I spent intoxicated.
 Busted on cruise and stripped of a rate ...
 Slaving all summer for the chief mate.
 Public safety said I dug up some grass ...
 I don't care because I had a blast!
 Calculus and physics I still don't understand ...
 Maybe that's why I'm on the 3-year plan?
 Thanks mate Stehm for all those beers ...
 If it wasn't for us, Shawrocks would no longer be here.
 Port side forward was a great place to stay ...
 Although M-31 was where I rolled in the hay.
 Texas jails don't take cash ...
 Dan Foley I'm sorry your car was masbed.
 Schroom Lake is a great place to ski ...
 Steve Donley was with Brandi, not me.
 John Laglene wasn't really a mooch ...
 It's just a shame Bill Marmann never got any hooch,
 Captaint Jim I enjoyed all our conversations ...
 However if your wife propositioned me I'd have some reservations.
 Luca your tales were totally unbelievable ...
 I'm sorry to admit that they were obviously inconceivable.
 Musky we had some great times in Phi Rho Pie ...
 Those girls in Puerto Rico sure weren't shy!
 Maritime College wasn't always a great place to be ...
 But hell, why settle for just a degree?

Maritime will always be an experience I will never forget. First, I would like to thank mom and dad for giving me the opportunity to go to college, and for putting up with me through these years, thank you, I love you both. To my brother Anthony, aunt Ro-Bo, and grandma, you have always been an influence on my life and have made me strive to do my best, thanks.

To all the people I met at Maritime I will never forget you, especially all the people who cracked a short joke, thanks for the laughs. These four years have gone quick and without the help of certain people I don't believe I could have done it. Thanks Jeff and John, I appreciate all your help. For the Class of 1995 I wish you luck in your future and in life, Thanks for the memories.

Life is unexpected, and I believe things happen for a reason. I would like to thank someone that has become to mean a lot to me and who has changed my life, for being there for me and for encouraging me to do my best. Whatever happens you will always be a part of my life, thank you Deanna, 143.

To the Class of 1995:

You are graduating during interesting times in our nation and the world. Everything is changing - be it waterborne commerce, the armed services, marine environmental protection, etc. - but one thing has not changed. Our graduates have historically been solidly prepared both in education and training to meet challenges. The Class of 1995 is no exception. If anything, you are exceptionally prepared so as to be leaders to make changes and the time is ripe for changes. You can play a large part and I urge you to do so.

During your time here at Maritime you have learned to meet challenges. You, in fact, have challenged yourself. You have proven to yourself that you are capable.

Maritime, our nation's oldest Maritime Academy, is steeped in tradition and history. Our reputation is built upon the accomplishments of our graduates. I am confident that you will carry on behind those who have gone before you. I know you will continue to display pride and professionalism.

We will need your support through the years. I urge you to join our Alumni Association, not just for support and to participate in its functions, but so that you can stay in contact with your classmates.

I am very proud to have been associated with the Class of 1995. I have watched you grow and mature into leaders ready to make a mark in this nation. You are great, young Americans. I am proud of you and your accomplishments. I wish you the very best in all your future endeavors. Good luck!
